**Plumas Bancorp
Proxy Statement
Annual Meeting of Shareholders
May 19, 2010**

Plumas Bancorp (the “Company”) is providing this proxy statement to its shareholders in connection with the annual meeting (the “Meeting”) of shareholders to be held at the Plumas Bank Credit Administration Building located at 32 Central Avenue, Quincy, California, on Wednesday, May 19, 2010 at 10:30 a.m. and at any and all adjournments thereof.

It is expected that the Company will mail this proxy statement and accompanying notice and form of proxy to shareholders on or about April 12, 2010.

Shareholders may also view these proxy materials on the internet at <http://materials.proxyvote.com/729273>. The proxy materials on the internet include the notice of annual meeting of shareholders and this proxy statement.

Revocability of Proxies

A proxy for use at the meeting is enclosed. Any shareholder who executes and delivers such proxy has the right to revoke it at any time before it is exercised, by filing with the Secretary of the Company an instrument revoking it, or a duly executed proxy bearing a later date. The Secretary of the Company is Terrance J. Reeson, and any revocation should be filed with him at Plumas Bancorp, 35 S. Lindan Avenue, Quincy, California 95971. In addition, the powers of the proxy holders will be revoked if the person executing the proxy is present at the meeting and elects to vote in person. Subject to such revocation or suspension, the proxy holders will vote all shares represented by a properly executed proxy received in time for the meeting in accordance with the instructions on the proxy. **If no instruction is specified with regard to the matter to be acted upon, the proxy holders will vote the shares represented by the proxy “FOR” each of the nominees for directors and “FOR” approval of a non-binding advisory vote on the Company’s executive compensation. If any other matter is presented at the meeting, the proxy holders will vote in accordance with the recommendations of management.**

Persons Making the Solicitation

The Board of Directors of the Company is soliciting proxies. The Company will bear the expense of preparing, assembling, printing and mailing this proxy statement and the material used in the solicitation of proxies for the meeting. The Company contemplates that proxies will be solicited principally through the use of the mail, but officers, directors and employees of Plumas Bancorp may solicit proxies personally or by telephone, without receiving special compensation for the solicitation. Although there is no formal agreement to do so, the Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding these proxy materials to their principals. In addition, the Company may utilize the services of individuals or entities not regularly employed by the Company in connection with the solicitation of proxies, if management of the Company determines that this is advisable.

Voting Securities

Management of the Company has fixed April 1, 2010 as the record date for purposes of determining the shareholders entitled to notice of, and to vote at, the meeting. On April 1, 2010, there were 4,776,339 shares of Plumas Bancorp's common stock issued and outstanding. Each holder of Plumas Bancorp's common stock will be entitled to one vote for each share of the Company's common stock held of record on the books of Plumas Bancorp as of the record date. In connection with the election of directors, shares may be voted cumulatively if a shareholder present at the meeting gives notice at the meeting, prior to the voting for election of directors, of his or her intention to vote cumulatively. If any shareholder of Plumas Bancorp gives that notice, then all shareholders eligible to vote will be entitled to cumulate their shares in voting for election of directors. Cumulative voting allows a shareholder to cast a number of votes equal to the number of shares held in his or her name as of the record date, multiplied by the number of directors to be elected. These votes may be cast for any one nominee, or may be distributed among as many nominees as the shareholder sees fit. If cumulative voting is declared at the meeting, votes represented by proxies delivered pursuant to this proxy statement may be cumulated in the discretion of the proxy holders, in accordance with management's recommendation.

The effect of broker nonvotes is that such votes are not counted as being voted; however, such votes are counted for purposes of determining a quorum. The effect of a vote of abstention on any matter is that such vote is not counted as a vote for or against the matter, but is counted as an abstention.

Shareholdings of Certain Beneficial Owners and Management

Based solely upon a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company during and with respect to its 2009 fiscal year, no director, executive officer or beneficial owner of 10% or more of the Company's common stock failed to file, on a timely basis, reports required during or with respect to 2009 by Section 16(a) of the Securities Exchange Act of 1934, as amended, except for Cortopassi Family Trust which inadvertently failed to file one timely report on Form 3 reporting Securities Beneficially Owned and one timely report on Form 4 with respect to twelve transactions.

There are no family relationships between any of the directors of Plumas Bancorp. No director of the Company serves as a director of any company that has a class of securities registered under, or which is subject to the periodic reporting requirements of, the Securities Exchange Act of 1934, or of any company registered as an investment company under the Investment Company Act of 1940.

The Board of Directors and Committees

During 2009, the Company's Board of Directors met 12 times. None of Plumas Bancorp's directors attended less than 75 percent of all Board of Directors' meetings and committee meetings of which they were members. The Company does not have a policy requiring director attendance at its annual meeting. However, most directors attend the meeting as a matter of course. All current directors attended the annual meeting of shareholders held in May 2009. The Board has established, among others, an Audit Committee and a Corporate Governance Committee and each of these committees have charters. Charters for each of these committees are available on the Company's website www.plumasbank.com.

Shareholder Communication with the Board of Directors

If you wish to communicate with the Board of Directors you may send correspondence to the Corporate Secretary, Plumas Bancorp, 35 S. Lindan Avenue, Quincy, California 95971. The Corporate Secretary will submit your correspondence to the Board of Directors or the appropriate committee, as applicable.

Board Role in Risk Oversight

The Board's duties include understanding and assessing risks to the Company and monitoring the management of those risks. To fulfill this responsibility the directors are expected to attend all meetings and review materials in advance of the meetings. Each meeting includes a review of the activities of each board committee including the committee's activities related to risk management. Each of our board committees concentrates on specific risks for which they

have an expertise and each committee is required to regularly report to the Board of Directors on its findings. For example, the Audit Committee oversees management of financial risks and reputational risks by monitoring the Company's internal controls over financial reporting. The Corporate Governance Committee manages risks associated with the independence of the Board of Directors and is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. Furthermore, because the banking industry is highly regulated, certain risks to the Company are monitored by the Board of Directors through its review of the Company's compliance with regulations set forth by its regulatory authorities, including the FDIC and recommendations contained in regulatory examinations.

Leadership Structure of Board

The Board believes that the Company and its shareholders are best served by having an independent Board Chairman and a separate CEO. We separate these roles in recognition of the differences between the two roles. The CEO is responsible for day to day leadership and performance of the Company, while the Chairman of the Board provides strategic guidance to the CEO and presides over meetings of the full Board.

Code of Ethics

The Board of Directors has adopted a code of business conduct and ethics for directors, officers (including Plumas Bancorp's principal executive officer and principal financial officer) and financial personnel, known as the Corporate Governance Code of Ethics. This Code of Ethics Policy is available on Plumas Bancorp's website at www.plumasbank.com. Shareholders may request a free copy of the Code of Ethics Policy from Plumas Bancorp, Ms. Elizabeth Kuipers, Investor Relations, 35 S. Lindan Avenue, Quincy, California 95971.

Daniel E. West
Alvin G. Blickenstaff
John Flournoy
Robert J. McClintock

Terrance J. Reeson
Gerald W. Fletcher
Arthur C. Grohs

Audit Committee

Plumas Bancorp has an Audit Committee composed of Mr. McClintock, Chairman and Messrs. Flournoy, Grohs and Reeson. The Board has determined that each member of the Audit Committee meets the independence and experience requirements of the listing standards of NASDAQ and the Securities and Exchange Commission. The Board has also determined that Mr. Robert J. McClintock is qualified as an audit committee financial expert and that he has accounting or related financial management expertise, in each case in accordance with the rules of the Securities and Exchange Commission and NASDAQ's listing standards.

The Audit Committee met seven times during 2009. The Audit Committee reviews all internal and external audits including the audit by Perry-Smith LLP, the Company's independent auditor. The Audit Committee reports any significant findings of audits to the Board of Directors,

and ensures that the Company's internal audit plans are met, programs are carried out, and deficiencies and weaknesses, if any, are addressed. The Audit Committee meets regularly to discuss and review the overall audit plan. The Audit Committee's policy is to pre-approve all recurring audit and non-audit services provided by the independent auditors through the use of engagement letters. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding all services provided by the independent auditors and fees associated with those services performed to date. Other than some ancillary tax services, the fees paid to the independent auditors in 2009 and 2008 were approved per the Audit Committee's pre-approval policies.

Audit Committee Report

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Plumas Bancorp specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Acts.

The Board of Directors and the Audit Committee has reviewed Plumas Bancorp's audited financial statements and discussed such statements with management. The Audit Committee has discussed with Perry-Smith LLP, the Company's independent auditors during the year 2009, the matters required to be discussed by Statement of Auditing Standards No. 61, as amended (Communication with Audit and Finance Committees, as amended).

The Audit Committee received written disclosures and a letter from Perry-Smith LLP, required by Independence Standards Board Standard No. 1 and has discussed with them their independence from management. The Audit Committee has also considered whether the independent auditors' provision of other non-audit services is compatible with the auditors' independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that Plumas Bancorp's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009, for filing with the Securities and Exchange Commission.

THE AUDIT COMMITTEE:

Robert J. McClintock, Chairman

Plumas Bancorp has a Corporate Governance Committee which met six times during 2009. The Corporate Governance Committee consists of Mr. Grohs, Chairman and Messrs. Blickenstaff, Reeson and West. The Board has determined that Messrs. Grohs, Blickenstaff, Reeson and West are "independent" within the meaning of the listing standards and rules of NASDAQ. The Corporate Governance Committee provides assistance to the Board by identifying qualified individuals as prospective Board members, recommends to the Board the director nominees for election at the annual meeting of shareholders, nominates the Chairperson

and Vice-Chairperson of the Board, oversees the annual review and evaluation of the performance of the Board and its committees and develops and recommends corporate governance guidelines to the Board of Directors.

During 2008 the Board transferred the duties and responsibilities of the Compensation Committee to the Corporate Governance Committee and eliminated the separate Compensation Committee. This expanded the responsibilities of the Corporate Governance Committee to include among other duties, to at least annually review, adjust (as necessary), and approve the Company's directors' compensation, including cash, equity or other compensation for service on the Board, any committee of the Board and as Chairperson of the Board or any committee of the Board, at least annually review, adjust (as necessary) and approve the Chief Executive Officer's compensation, provide advice and consent to the Chief Executive Officer in the review and adjustment of executive officer compensation (other than the Chief Executive Officer), approve the compensation strategy for the Company's employees, review and recommend for approval by the Board all equity-based compensation, including stock options and stock grants and approve other personnel matters, which are in excess of management's authority.

The Corporate Governance Committee is also responsible for compliance with the Emergency Economic Stabilization Act with respect to the semi-annual review and certification of incentive compensation arrangements for the Chief Executive Officer and other senior executive officers to ensure that the senior executive officer (SEO) incentive compensation arrangements do not encourage the senior executive officers to take unnecessary and excessive risks that threaten the value of the Company for the duration that the Company has funds from the United States Treasury under the Capital Purchase Program. The Corporate Governance Committee has completed two such reviews and has identified and limited during the applicable period any features of the SEO compensation plans that could lead SEOs to take unnecessary and excessive risks that could threaten the value of Plumas Bancorp, and during that same applicable period has identified any features of the employee compensation plans that pose risks to Plumas Bancorp and has limited those features to ensure that Plumas Bancorp is not unnecessarily exposed to risks. The Corporate Governance Committee has reviewed the terms of each employee compensation plan and identified any features of the plan that could encourage the manipulation of reported earnings of Plumas Bancorp to enhance the compensation of an employee and has limited those features.

The Corporate Governance Committee has the authority, to the extent it deems necessary, to retain and terminate an outside compensation consultant to assist in the evaluation of director and executive officer compensation and benefit matters. During the year ending December 31, 2009 the Corporate Governance Committee did not engage an outside compensation consultant.

The Corporate Governance Committee does not have any written specific minimum qualifications or skills that the committee believes must be met by either a committee-recommended or a security holder-recommended candidate in order to serve on the Board. The Corporate Governance Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Corporate Governance Committee or the Board decided not to re-nominate a member for re-election, the Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the following criteria. While no specific diversity policy exists, when identifying and evaluating new directors, the Corporate

Governance Committee considers the diversity and mix of the existing Board of Directors, including, but not limited to, such factors as: the age of the current directors, their geographic location (being a community bank, there is a strong preference for local directors), background, skills and employment experience. Among other things, when examining a specific candidate's qualifications, the Corporate Governance Committee considers the candidate's: ability to represent the best interest of the Company, existing relationships with the Company, interest in the affairs of the Company and its purpose, ability to fulfill director responsibilities, leadership skill, reputation within the Company's community, community service, integrity, business judgment, ability to develop business for Plumas Bancorp and ability to work as a member of a team. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Nominees are not discriminated against on the basis of race religion, national origin, sexual orientation, disability or any other basis proscribed by law. All nominees to be considered at the Meeting were recommended by the Corporate Governance Committee.

The Corporate Governance Committee will consider nominees to the Board proposed by shareholders, although the Board has no formal policy with regard to shareholder nominees as it considers all nominees on their merits as aforementioned. Any shareholder nominations proposed for consideration by the Board may only be made by complying with the nomination procedures which are included in the Notice of Annual Meeting of Shareholders accompanying this Proxy and should be addressed to:

Non-Binding Advisory Vote on Executive Compensation

The Company has chosen to participate in the Troubled Asset Relief Program ("TARP") Capital Purchase Program. On January 30, 2009 the Company, issued to the United States Department of the Treasury ("Treasury") 11,949 shares of the Company's Fixed Rate Cumulative Perpetual Preferred Stock, Series A (the "Series A Preferred Stock").

The American Recovery and Reinvestment Act of 2009 (the "ARRA") more commonly known as the economic stimulus package, was signed into law on February 17, 2009. In addition to a wide variety of programs intended to stimulate the economy, ARRA imposes significant new requirements for and restrictions relating to the compensation arrangements of financial institutions that received government funds through TARP, including institutions like the Company that participated in the Capital Purchase Program prior to ARRA. These restrictions apply until a participant repays the financial assistance received through TARP.

One of the new requirements for any recipient of funds in the TARP is to provide an advisory vote on the compensation of executives, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission.

This proposal, commonly known as a "Say-on-Pay" proposal, gives you as a shareholder the opportunity to provide an advisory vote on the Company's executive compensation as disclosed in this proxy statement through the following resolution:

“Resolved, that the shareholders approve the compensation of the Company’s executives, as described in the tabular and accompanying narrative disclosure regarding Named Executive Officer compensation in this Proxy Statement for its 2010 Annual Meeting.”

Because the vote is advisory, it will not be binding upon the Board of Directors, will not overrule any decision made by the Board of Directors, and will not create or imply any additional fiduciary duty on the Board of Directors. The Corporate Governance Committee may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors believes that the Company's executive compensation program is reasonable in comparison both to similar sized companies in the industry and to the performance of the Company during 2009. We also believe that the Company's compensation program is effective in aligning the interests of the executives with the interests of the Company's stockholders on a long-term basis and is appropriate.

Recommendation: The Board of Directors recommends a vote “FOR” approval of a non-binding advisory vote on executive compensation as described in this Proxy Statement.

- (3) With the exception of Mr. Biddle, who was precluded from receiving bonus payments until the Company no longer holds Series A Preferred Stock, the Company's named executive officers participate in a bonus plan in which payments are determined based on the achievement of certain financial performance measures and to a lesser extent to discretionary factors. Amounts in this column represent amounts earned in the year listed and paid in the following year under this plan.

Douglas N. Biddle Employment Agreement

The Board of Directors of the Company entered into an employment agreement with Mr. Biddle dated February 18, 2009. This agreement had a one year term. Under this agreement Mr. Biddle's initial base salary was set at \$235,000 per year with future base salary increases to be granted at the sole discretion of the Board. Mr. Biddle was entitled to participate in any and all other employee benefits and plans existing or developed by the Company. In addition, the

agreement provided for the use of a Bank automobile and a life insurance policy with Mr. Biddle as the insured and with a death benefit of \$100,000 for the benefit of his designated beneficiary.

Non-Equity Incentive Plan

We provide annual incentive bonuses to pay our executives for performance. The 2009 incentive bonus plan was designed to drive achievement of our 2009 financial performance goals, and to promote and reward leadership among our executives. For the year ended December 31, 2009, we established the annual corporate financial performance targets based on the following measures: net income of \$1.6 million, return on equity of 3.4%, deposit growth of 6.2% and classified loans to equity capital of 45.0%.

The annual incentive bonus for executive officers is based 80% on the achievement of corporate financial performance measures and 20% on the leadership factor. The Company establishes an annual target for each financial performance measure based on its confidential business plan and budget for the coming year. For 2009, performance below the target on a corporate financial performance measure results in the absence of an incentive payment based on that measure. Mr. Biddle was the most highly compensated employee of the Company and was therefore not eligible for bonus payments while the Company holds Series A Preferred Stock. Assuming all corporate financial performance goals were at the target performance level, Mr. Herr and Ms. North could have earned up to 10% of their salary based on targeted achievement of the financial performance measures and up to a maximum of 20% of their salary for achievement in excess of targeted performance. In addition, up to 5% of their salary could have been earned under the leadership incentive.

The only performance factor that exceeded the threshold level required for payment of an incentive was that related to deposit growth. Additionally, related to the Company's financial performance in 2009 the Company chose not to pay any bonuses based on the discretionary leadership incentive. Based on exceeding the deposit growth objective the following bonus payments were earned: Mr. Herr: \$4,950 (3.3% of base salary); Ms. North: \$4,950 (3.3% of base salary).

The Company has chosen not to provide a non-equity incentive plan for its employees during 2010 and no bonus or incentive payments will be accrued for executive officers during 2010.

Stock Option Awards

We consider equity compensation in the form of annual stock option awards an important component of our total compensation package because it helps align the interests of our executives to those of our shareholders and provides a significant retention benefit. During 2006 the Company's shareholders approved an amendment and restatement of the Plumas Bank 2001 Stock Option Plan allowing restricted stock awards to employees. The Board approves all stock option and restricted stock grants.

Beginning on March 1, 2007 we began an annual process of granting stock options to all corporate officers of the Company. We chose at this time not to incorporate restricted stock into our equity-based compensation program, but may consider issuing restricted stock in the future. Options granted in the 2008 equity-based compensation program totaling 14,500 to Mr. Biddle and 5,900 to Mr. Herr . During 2009 we chose not to grant any stock options.

We chose to make the annual grants during the first quarter of each year after financial results for the completed fiscal year have been publicly announced and after bonus incentive payments have been calculated. It is anticipated that future annual grants also will be made during the first quarter of the Company's fiscal year. The Company makes grants of equity-based compensation only at fair market value of our stock at the time of grant. The exercise price of stock options is set at the closing stock price on the date of grant. All option grants have a maximum vesting period of five (5) years and expire no more than ten (10) years from the date of grant.

The Company incorporates the officer's position level in the determination of the total value of the equity-based compensation to be included in the officer's total compensation. The higher the officer level the more options/restricted stock that may be granted to the officer. Additional options may be granted to an individual based on outstanding achievement. This is consistent with the Company's philosophy of rewarding those officers who have the most impact on our performance.

Post-Employment Benefits

We consider providing significant post-employment benefits in the form of providing salary continuation benefits to our executives as an important part of their total executive compensation to reward them for their service and loyalty to the Company. The Company has entered into salary continuation agreements with Messrs. Biddle and Herr. The purpose of the salary continuation agreements is to provide special incentive to the experienced executive officer to continue employment with the Company on a long-term basis. The agreements provide the executive with salary continuation benefits of up to \$62,000 per year for 15 years after retirement at age 65. In the event of death prior to retirement, the executive's beneficiary will receive salary continuation benefits at a reduced amount depending on the length of service with the Company or the executive's beneficiary is entitled to a portion of the death benefits pursuant to a split dollar agreement. In the event of disability wherein the executive does not continue employment with the Company, the executive is entitled to salary continuation benefits, at a reduced amount depending on the length of service with the Company, beginning at age 65 or on the date on which he is no longer entitled to disability benefits under the Company's group disability insurance, whichever is earlier. If the executive terminates employment with the Company for a reason other than death or disability prior to the retirement age of 65, such person will be entitled to salary continuation benefits at a reduced amount depending on the length of service with the Company. The vesting of salary continuation benefits for Messrs. Biddle and Herr occurs at a rate that provides for a 90% vesting at age 60 and 2% per year for the next five years of service, for a total vesting of 100%. Mr. Biddle's salary continuation benefits stopped vesting upon the end of his service with the Company. In the event of a change of control of the Company and the executive terminates employment with the Company or its successor within a period of 24 months after such change in control, then the executive may elect full vesting of his salary continuation payments and the payment of the salary continuation benefits beginning with the month following the month of termination, subject to the reduction of benefits if the benefits result in a limitation of deductibility of such benefits for the Company under Section 280G of the Internal Revenue Code. The salary continuation benefits are informally funded by single premium life insurance policies with the executive as the insured parties and the Company as the beneficiary of the policies.

The Company has entered into split dollar agreements with Messrs Biddle and Herr. The purpose of the split dollar agreements is to provide special incentive for the executives to continue employment with the Company on a long-term basis. To accomplish this, the Company

agrees to divide the net death proceeds of life insurance policies on the executive's life with the executive's beneficiary. . However, the executive's rights or interests in the split dollar policies no longer exist once they cease to be employed by the Company for any reason whatsoever prior to normal retirement age provided that the executive has received or had the opportunity to receive any benefit under his executive salary continuation agreement.

The Company has agreed to pay the taxes on the imputed income on the life insurance benefit provided to the executive under the split dollar agreement. However, the Company is precluded from making tax gross up payments while the Company has funds outstanding from the United States Treasury under the Capital Purchase Program and therefore during this period the executive is responsible for the payment of these taxes.

During 2008 the split dollar and salary continuation agreements of Messrs. Biddle and Herr were amended to insure compliance with section 409A of the Internal Revenue Code.

Perquisites

We offer a qualified 401(k) plan in which the named executive officers participate on the same terms as all other employees. Under the terms of the 401(k) plan, we match the first 3% on a dollar-for-dollar basis. In addition we offer medical, dental and vision plans under the same terms to all employees. Other perquisites and benefits, which do not represent a significant portion of the named executive's total compensation, include for some of the executives a company provided automobile, company provided gasoline and maintenance, tax gross ups related to split dollar life insurance premiums, the payment of the executives' portion of the split dollar insurance. During 2009, Ms. North received a \$500 monthly automobile allowance. These plans, and the contributions we make to them, provide an additional benefit to attract and retain executive officers of the Company.

Potential Payments Upon Termination Or Change of Control

The following is a discussion of the payments that may come due to a named executive officer following a change of control or the termination of the named executive officer. Regardless of the manner in which a named executive officer's employment terminates, he is entitled to receive amounts earned during his term of employment including all unused vacation pay and amounts vested through the Bank's 401(k) Plan. Upon termination of employment, a named executive officer also has the right to exercise all vested stock options, unless their termination is for cause.

The Company is limited in its ability to make change of control, bonus or termination of employment payments described in this proxy statement to its most highly paid employee while the Company has funds outstanding from the United States Treasury under the Capital Purchase Program.

Payments Made Upon a Change in Control

Salary Continuation Agreements: The Company has entered into salary continuation agreements with Messrs. Biddle and Herr. The agreements provide the executive with salary continuation benefits of up to \$62,000 per year for 15 years after retirement.

In the event of a change of control of the Company and the executive terminates employment with the Company or its successor within a period of 24 months after such change in control, then the executive may elect full vesting of his salary continuation payments and the payment of the salary continuation benefits beginning with the month following the month of termination, subject to the reduction of benefits if the benefits result in a limitation of deductibility of such benefits for the Company under Section 280G of the Internal Revenue Code.

Under the terms of these agreements a change in control is defined as a change in the ownership or effective control of the Employer, or in the ownership of a substantial portion of the assets of the Employer, as such change is defined in section 409A of the Internal Revenue Code and regulations thereunder.

Compensation of Directors

Director Compensation: During 2009, non-employee Directors, except the Chairman, each received \$2,100 per month for serving on the Plumas Bancorp's and Plumas Bank's Board of Directors and committees. The Chairman received \$2,650 per month. Mr. Biddle did not receive any separate compensation for serving as a director.

Deferred Fee Agreements: The Company has entered into a Deferred Fee Agreement with board member Blickenstaff who deferred \$16,800 in fees during 2009. The purpose of the Deferred Fee Agreements is to provide a board member an opportunity to defer his or her director fees as an incentive to continue service with the Company. The agreement provides for deferral of director fees to the earlier of an agreed upon distribution date or the termination of director services for any reason. The Company will accrue interest on all deferred director fees at an annual floating percentage rate of the current Wall Street Journal Prime Rate minus 1%. In the event of death prior to retirement, the beneficiary will receive full-deferred fee benefits. In the event of disability wherein the director does not continue service with the Company, the director is entitled to the full-deferred fee benefit accrued up to the point of director's termination of service.

Non-Qualified Stock Options: No stock options were granted to directors during 2009. The Company makes grants of non-qualified stock options only at fair market value of our stock at the time of grant. All option grants have a maximum vesting period of five (5) years and expire no more than ten (10) years from the date of grant. Upon a change in control all stock options held by directors may vest and become exercisable.

Director Emeritus Plans

Director Retirement Agreement: The Company has entered into Director Retirement (fee continuation) Agreements with its non-employee Directors excluding Messrs. Elliott and McClintock. Mr. Elliott retired as President and Chief Executive Officer of the Company during 2005 and is currently receiving benefits under his executive salary continuation agreement. The purpose of the fee continuation agreements is to provide a retirement benefit to the board members as an incentive to continue informal service with the Company. The agreement provides for fee continuation benefits of up to \$10,000 per year with a term of 12 years after retirement with the exception of board member Flournoy whose agreement has a term of 15 years. In the event of death prior to retirement, the beneficiary will receive full fee continuation benefits, with the exception of Mr. Flournoy's beneficiary who would be entitled to receive a lump sum payment of \$30,000. In the event of disability wherein the director does not continue service with the Company, the director is entitled to fee continuation benefits, at a reduced amount depending on the length of service with the Company, beginning the month following termination of service. The agreements, with the exception of Mr. Flournoy's agreement, allow for a Hardship Distribution under specified circumstances. Hardship Distributions are limited to the amount the Company had accrued under the terms of the agreement as of the day the director petitioned the Board to receive a Hardship Distribution. Upon a change in control the director is eligible to receive the full fee continuation benefits upon the director's termination of service. The fee continuation benefits are informally funded by single premium life insurance policies. The directors are the insured parties and the Company is the beneficiary of the respective policies.

Post-Retirement Consulting Agreement: The Company has entered into Post-Retirement Consulting Agreements with its non-employee Directors with the exception of Messrs. Flournoy, Elliott and McClintock. The purpose of the Agreements is to provide consideration to the board members in exchange for consulting services after their retirement from the Board. The agreements provide for consulting fees of \$10,000 per year for 3 years after retirement. In the event of death prior to completion of the consulting services, the beneficiary will receive death benefits equal to the remaining unpaid consulting fee benefits. In the event of disability wherein the retired director is unable to continue consulting services with the Company, the Company may terminate the director's post-retirement consulting services. If the retired director voluntarily terminates his or her consulting services for other than good reason or if the Company terminates

the director's post-retirement consulting services for cause, the Post-Retirement Consulting Agreement shall terminate.

The table below summarizes the compensation paid by the Company to non-employee Directors for the fiscal year ended December 31, 2009.

Shareholder Proposals

Shareholder proposals to be submitted for presentation at the 2011 annual meeting of shareholders of Plumas Bancorp must be received by Plumas Bancorp no later than December 31, 2010. Certain Transactions

Some of the directors and executive officers of Plumas Bancorp and their immediate families, as well as the companies with which they are associated, are customers of, or have had banking transactions with, Plumas Bancorp in the ordinary course of the Company's business, and Plumas Bancorp expects to have banking transactions with such persons in the future. In management's opinion, all loans and commitments to lend in such transactions were made in compliance with applicable laws and on substantially the same terms, including interest rates and collateral, as those prevailing for comparable transactions with other persons of similar creditworthiness and in the opinion of management did not involve more than a normal risk of collectibility or present other unfavorable features.

Other Matters

Management does not know of any matters to be presented at the meeting other than those set forth above. However, if other matters come before the meeting, it is the intention of the persons named in the accompanying proxy to vote the shares represented by the proxy in accordance with the recommendations of management on such matters, and discretionary authority to do so is included in the proxy.
